Createspace, United States, 2008. Paperback. Book Condition: New. 254 x 203 mm. Language: English . Brand New Book ***** Print on Demand *****.The Gooch Periodic Table of the Elements based on the Physical Geometry of Geometrically Constructed Atomic Nuclei and Gooch Structures Compilation Artwork B. Gooch Structures Compilation Artwork B is one of the crowning glorious successes of the gravitational unit theory. Any molecule that the standard model Lewis structures can represent, so can Gooch Structures Compilation Artwork B - only better. Representations for Hydrogen bonding in water, equal energies on each Carbon to Carbon bond in Benzene, and Hydrogen being able to bond to two atoms instead of just one in B10 H16, can be represented with these structures. Should be used in conjunction with How to Draw Molecules using Gooch Structures Compilation Artwork B. These structures are quickly drawn on a chalkboard unlike Compilation Artwork A and are designed to do work in real time applications. Use these structures to do the chemistry of tomorrow, today.
