

# The Working Engineer's Practical Guide to the Management of the Steam Engine (Classic Reprint) (Paperback)

By Joseph Hopkinson

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from The Working Engineer's Practical Guide to the Management of the Steam Engine With confidence the Author submits the present work, The Working Engineer's Practical Guide, to the judgment of those whose duty it is to superintend the working of the Steam Engine and Boiler, in their many and varied forms and applications. The many encomiums the Author has received from parties who have benefited from following the instructions and advice contained in his larger work, The Working of the Steam Engine Explained by the Use of the Indicator, - (four large Editions of which have been published, and rapidly disposed of, ) - and the very general desire he has heard expressed that portions of the matter composing that work should be published in a form and at a price more accessible to the working Engineer, has induced him to prepare the work now presented, in the confident belief that it will be found to be of practical advantage to those for whose information and use it has been designed. The aim of...
