

Structural & Mediator Lipidomics

Filesize: 2.38 MB

Reviews

This type of book is every thing and made me seeking forward and more. It is amongst the most awesome publication we have go through. Its been developed in an exceptionally straightforward way and it is only soon after i finished reading this ebook by which actually altered me, alter the way i believe.

(Mrs. Serena Wunsch)

STRUCTURAL & MEDIATOR LIPIDOMICS

To get **Structural & Mediator Lipidomics** eBook, you should follow the web link beneath and download the file or have access to additional information which might be highly relevant to STRUCTURAL & MEDIATOR LIPIDOMICS book.

Presses Polytechniques et Universitaires Romandes. Hardback. Book Condition: new. BRAND NEW, Structural & Mediator Lipidomics, Michel Lagarde, Nathalie Bernoud-Hubac, Celine Costaz, Frederic Carriere, Michel Guichardant, Lipidomics is the part of metabololomics dedicated to lipids. It can be defined as the full molecular characterization of the lipid component in a defined system, as well as consideration of their function when available. Their recent development has led experts in the field to distinguish between different subdomains, like structural or mediator lipidomics, in an attempt to simplify the data and decrease the complexity of their interpretation. In this book, the authors present lipid molecular species, which have been well defined for their biological activities, whatever the biological system involves, with reference to the closely related structural lipids. The emphasize bioactive lipids issued from membrane lipids, especially polyunsaturated fatty acid derivatives produced trough various oxygenation processes. They also cover enzymes associated with the production of these bioactive lipids and receptor proteins relating to their action. As the methodological aspects are crucial considerations in characterizing the various lipids, the most common methods in use are depicted, together with a dynamic approach to evaluate the fluxes between the bioactive molecules, ant the attempt to visualize the lipids in their membrane superstructures.
