## FDR Goes to War: How Expanded Executive Power, Spiraling National Debt, and Restricted Civil Liberties Shaped Wartime America (Paperback)

---

By Burton W Folsom, Anita Folsom

Threshold Editions, United States, 2013. Paperback. Book Condition: New. 224 x 150 mm. Language: English . Brand New Book. WAS FRANKLIN DELANO ROOSEVELT REALLY A GREAT WARTIME LEADER, AS HISTORIANS ALMOST UNANIMOUSLY ASSERT? The acclaimed author of *New Deal or Raw Deal?*, called eye-opening by the *National Review*, exposes the negative impact of FDR's destructive wartime legacy on America's economic and foreign policies today. History books tell us the World War II economy was a boon, ending the Great Depression thanks to massive government spending. But the skyrocketing national debt, food rations, crippling taxes, and labor strikes of the time tell a story that is hardly the stuff of recovery. Instead, Roosevelt's poor judgment and confused management left Congress with a devastating fiscal mess after the final bomb was dropped and ushered in a new era of imperialism for the executive branch. In this provocative book, Burton W. Folsom and Anita Folsom make a stunning case that will force America to take a second look at one of its most complicated presidents.
