Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . The rotary motors are more unusual and give special interest to this part of the book. By far the most valuable part of the book with the American reader is the series of chapters, covering nearly eighty pages, devoted to the hydraulic ram in its different forms- both as a water-pumping engine and as a motor for other purposes. This discussion gives unique value to the book, since, so far as known, it is not to be found elsewhere. The drawings present a variety of types unknown on...
