Createspace, United States, 2011. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.What would it be like to own your own company? You can, you know. You just start one yourself. This is a readable book on how to do it. Most books on startup businesses read as if they were written by a technical writer who had not quite mastered ordinary English and who had lots and lots of numbers in his head. This book, you can actually read, and it will enable you to make your dreams a reality. It covers everything: how to start the business, how to finance it, how to run it, how to motivate and supervise employees, and how to bring it to the IPO. Excerpt from the chapter 50 Ways to Leave Your Lover: Quitting Your Previous Job Ethically Most professionals are of the opinion that you should leave your previous high-tech employment prior to writing a Business Plan or doing anything else that will advance your new company. The temptation is to work for one company while you start another in your spare time. This temptation is based on the fact that you probably like to eat. People have done it. People have also gotten sued, and lost their companies, when the previous employer sees the new high-tech start up, does a little calculation as to how long it would take to get it to that particular stage of development in the company, and decides that your old company resources were improperly used to advance the interests of the new start up. If you have just started up, and you already have a prototype product, it is not brain surgery to conclude that you were working on the prototype while you were...
