Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.We live in a society where cognitive functions are highly regarded and even the least little fear that we're losing it is cause for alarm. Misplacing your keys or not having instant recall of someone's name is no longer considered being absent-minded, but a symptom of something much more threatening. Greater fear about memory loss has led to much more public awareness of dementia, Alzheimer's disease, and a growing concern about how to keep our brains functioning at their top levels far into old age. This eBook is designed to help you overcome your fear of losing your memory and put you in control of your brain and how it operates. Hopefully, you'll gain a new knowledge and make a plan about what you're going to do to keep your brain functioning at its ultimate height. The techniques contained in this guide should put you at ease about your memory and put you on the right path of preserving it - for a lifetime. The techniques discussed in this eBook can help train...
